RISK FACTORS

The following are certain risk factors of the offering of the Bonds of which prospective investors should be aware. The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Bonds. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Bonds are also described below. The Issuer believes that the factors described below represent the principal risks inherent in investing in the Bonds, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Bonds may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Bonds are exhaustive. Prior to making an investment decision, prospective investors should consider carefully all of the information set out in this Prospectus, including in particular the following risk factors detailed below. The prospective investors should make their own independent evaluations of all risk factors and should also read the detailed information set out elsewhere in this Prospectus (including any information incorporated by reference therein).

The terms defined in “Terms and Conditions of the 2024 Bonds” and “Terms and Conditions of the 2032 Bonds” (together, the “Terms and Conditions of the Bonds”) shall have the same meaning where used below.

Risks Factors related to the Issuer and the Group

Risk factors relating to the Issuer and the Group are set out in pages 37 to 50 of the 2016 Registration Document (as defined in section “Documents Incorporated by Reference”) incorporated by reference into this Prospectus and include the following:

- Strategic risk including economic environment, competitive environment, disruptive technology and digital transformation, acquisitions and intellectual property;

- Operational risk including suppliers, raw materials cost, talent and skills, business continuity and security and continuity of IT systems;

- Reputational and compliance risk including product quality and safety, compliance with local or international regulations and standards, environmental protection and internal control vulnerability and/or non-compliance risks; and

- Financial risks including counterparty risk, liquidity risk, market risks, customer credit risk and litigation risk.

Risks Factors related to the Bonds

The Bonds may not be a suitable investment for all investors

Each potential investor in the Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

(i) have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in this Prospectus or any applicable supplement;

(ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact the Bonds will have on its overall investment portfolio;
(iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the potential investor's currency;

(iv) understand thoroughly the terms of the Bonds and be familiar with the behaviour of any relevant indices and financial markets;

(v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and

(vi) consult their legal advisers in relation to possible legal, tax, accounting, regulatory and related aspects of any investment in the Bonds.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

An investment in the Bonds should be considered primarily with a view to holding them until their maturity. The Bonds may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Bonds in the secondary market in which case the market or trading price and liquidity may be adversely affected or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Bonds in Euro. This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit (the “Investor’s Currency”) other than Euro. These include the risk that exchange rates may change significantly (including changes due to devaluation of Euro or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to the Euro would decrease (i) the Investor’s Currency-equivalent yield on the Bonds, (ii) the Investor’s Currency-equivalent value of the principal payable on the Bonds and (iii) the Investor’s Currency-equivalent market value of the Bonds.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

The Bonds bear interest at a fixed rate. Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.

Credit risk

The value of the Bonds will also depend on the credit worthiness of the Issuer. If the credit worthiness of the Issuer deteriorates, the value of the Bonds may decrease and investors may lose all or part of their investment.
Potential Conflicts of Interest

Certain of the Managers (as defined in section “Subscription and Sale”) and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and its affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Managers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer’s affiliates. Certain of the Managers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Managers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Bonds to be issued hereunder. Any such short positions could adversely affect future trading prices of Bonds to be issued hereunder. The Managers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

The Bonds may be redeemed prior to maturity

The Issuer reserves the right to purchase Bonds in the open market or otherwise at any price in accordance with applicable regulations. Such transactions shall have no impact on the normal repayment schedule of outstanding Bonds, but they decrease the yield of the Bonds so purchased and then redeemed by the Issuer prior to their stated maturity and potentially reduce the liquidity of the Bonds.

In the event that the Issuer would be obliged to pay additional amounts payable in respect of any Bonds due to any withholding as provided in Condition 4(b), the Issuer may redeem all outstanding Bonds in accordance with such Terms and Conditions.

In addition, the Issuer has the option (i) from and including 3 months prior to their respective Maturity Date to but excluding their respective Maturity Date, to redeem all but not some only of the 2024 Bonds or 2032 Bonds outstanding at par plus accrued interest, as provided in each Condition 4(d)(i), (ii) to redeem all but not some only of the then outstanding 2024 Bonds or 2032 Bonds at any time prior to their respective Maturity Date, at the relevant make whole redemption amount, as provided in each Condition 4(d)(ii) and (iii) upon an Acquisition Event, to redeem the 2024 Bonds or 2032 Bonds in whole but not in part at 101 per cent. of the principal amount of such Bonds together with their respective accrued interest up to (but excluding) their respective date fixed for redemption, as provided in each Condition 4(d)(iv). An Acquisition Event will occur if the Issuer has not completed and closed the acquisition of Milestone AV Technologies LLC, and on or prior to 31 December 2017, the Issuer has publicly stated that it is no longer pursuing such acquisition. Notice of such redemption may be exercised up to and including 31 January 2018. Notwithstanding the occurrence of an Acquisition Event, the Issuer may decide to redeem either the 2024 Bonds, the 2032 Bonds, the Bonds or none of the Bonds.

During a period when the Issuer may elect to redeem Bonds, such Bonds may feature a market value not above the price at which they can be redeemed. If the market interest rates decrease, the risk to Bondholders that the Issuer will exercise its right of early redemption increases. As a consequence, the yields received upon such early redemption may be lower than expected, and the redeemed face amount of the Bonds may be lower than the purchase price paid for such Bonds by the Bondholder where the purchase price was above par. As a consequence, part of the capital invested by the Bondholder may be lost, so that the Bondholder in such case would not receive the total amount of the capital invested. However, the redeemed face amount of the Bonds may not be below par. In addition, investors that
choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than such redeemed Bonds.

Furthermore, if 80 per cent. or more of the initial aggregate nominal amount of the 2024 Bonds or of the 2032 Bonds have been redeemed or purchased and cancelled, the Issuer will have the option to redeem all of such outstanding Bonds at their principal amount plus their respective accrued interest as provided in each Condition 4(d)(iii). In particular, there is no obligation for the Issuer to inform the Bondholders if and when this percentage has been reached or is about to be reached, and the Issuer’s right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of this option, the Bonds may have been trading significantly above par, thus potentially resulting in a loss of capital invested.

**Change of Control – Exercise of put option in respect of certain Bonds may affect the liquidity of the Bonds in respect of which such put option is not exercised**

Depending on the number of Bonds in respect of which the put option provided in Condition 4(c) is exercised, any trading market in respect of those Bonds in respect of which such put option is not exercised may become illiquid. In addition, investors may not be able to reinvest the moneys they receive upon such early redemption in securities with the same yield as the redeemed Bonds.

**The Bonds are not protected by restrictive covenants and do not prevent the Issuer from incurring additional indebtedness including indebtedness that would come prior to or rank equally with the Bonds**

The Terms and Conditions of the Bonds contain a negative pledge that prohibits the Issuer and its Principal Subsidiaries in certain circumstances from creating security over assets but only to the extent that such is used to secure other bonds or similar debt instruments which are listed or capable of being listed. See “Terms and Conditions of the Bonds – Status and Negative Pledge”. The Terms and Conditions of the Bonds do not contain any other covenants restricting the operations of the Issuer.

Subject to this negative pledge, the Issuer and its Principal Subsidiaries may incur significant additional debt that could be considered before or rank equally with the Bonds. Accordingly, if the Issuer incurs significant additional debt ranking equally with the Bonds, it will increase the number of claims that would be entitled to share rateably with the Bondholders in any proceeds distributed in connection with an insolvency, bankruptcy or similar proceeding.

**Market value of the Bonds**

The market value of the Bonds will be affected by the creditworthiness of the Issuer and by a number of additional factors related to economic and market conditions, including, but not limited to, volatility of the market, interest rates, currency exchange rates and inflation rates and the time remaining to the maturity date.

The value of the Bonds depends on a number of interrelated factors, including economic, financial and political events in France, in Europe or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Bonds are traded. The price at which a holder of Bonds will be able to sell the Bonds prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser. There can be no assurance that events in France, in Europe or elsewhere will not cause market volatility or that such volatility will not adversely affect the price of the Bonds or that economic and market conditions will not have any other adverse effect.

**Modification and waivers**

The Terms and Conditions of the Bonds contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind
all Bondholders including Bondholders who did not express a vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

Credit Rating may not reflect all risks

The Bonds have been assigned a rating of A- by S&P. The rating assigned by the Rating Agency to the Bonds may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Bonds. A rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the Rating Agency at any time.

The Issuer is rated A- (negative outlook) by S&P. The credit ratings of the Issuer are an assessment of its ability to pay its obligations, including those arising from the Bonds. Consequently, actual or anticipated declines in the credit ratings of the Issuer may affect the market value of the Bonds.

Change of law

The Terms and Conditions of the Bonds are based on the laws of France in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to the laws of France or administrative practice after the date of this Prospectus. Furthermore, the Issuer operates in a heavily regulated environment and has to comply with extensive regulations in France and elsewhere. No assurance can be given as to the impact of any possible judicial decision or change to laws or administrative practices after the date of this Prospectus.

French insolvency law

Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the “Assembly”) in order to defend their common interests if a preservation procedure (procédure de sauvegarde), an accelerated preservation procedure (procédure de sauvegarde accélérée), an accelerated financial preservation procedure (procédure de sauvegarde financière accélérée) or a judicial reorganisation procedure (procédure de redressement judiciaire) is opened in France with respect to the Issuer. The Assembly comprises holders of all debt securities issued by the Issuer (including the Bonds) regardless of their governing law. The Assembly deliberates on the proposed preservation plan (projet de plan de sauvegarde), proposed accelerated preservation plan (projet de plan de sauvegarde accélérée), proposed accelerated financial preservation plan (projet de plan de sauvegarde financière accélérée) or judicial reorganisation plan (projet de plan de redressement) applicable to the Issuer and may further agree to:

- increase the liabilities (charges) of holders of debt securities (including the Bondholders) by rescheduling due payments and/or partially or totally writing off receivables in form of debt securities;
- establish an unequal treatment between holders of debt securities (including the Bondholders) as appropriate under the circumstances; and/or
- convert debt securities (including the Bonds) into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the debt securities held by the holders expressing a vote). No quorum is required to convocate the Assembly.

The procedures, as described above or as they will or may be amended, could have an adverse impact on holders of the Bonds seeking repayment in the event that the Issuer or its subsidiaries were to become insolvent.
For the avoidance of doubt, the provisions relating to the Representation of the Bondholders described in the Terms and Conditions of the Bonds set out in this Prospectus will not be applicable in these circumstances.

**Taxation**

Potential purchasers and sellers of the Bonds should be aware that they may be required to pay taxes or documentary charges or duties in accordance with the laws and practices of the jurisdiction where the Bonds are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial instruments such as the Bonds. Potential investors are advised not to rely upon the tax summary contained in this Prospectus but to ask for their own tax adviser’s advice on their individual taxation with respect to the subscription, acquisition, holding, disposal and redemption of the Bonds. Only these advisors are in a position to duly consider the specific situation of each potential investor. This investment consideration has to be read in connection with the taxation sections of this Prospectus.

Each prospective investor should consult its own advisers as to legal, tax and related aspects of an investment in the Bonds.

A Bondholder’s effective yield on the Bonds may be diminished by the tax impact on that Bondholder of its investment in the Bonds.

**The proposed European financial Transaction Tax (“FTT”)**

On 14 February 2013, the European Commission published a proposal (the “Commission’s proposal”) for a Directive for a common FTT in Austria, Belgium, Estonia, France, Germany, Greece, Italy, Portugal, Slovakia, Slovenia and Spain (the “Participating Member States”). However, Estonia has since stated that it will not participate.

The Commission’s proposal has very broad scope and could, if introduced, apply to certain dealings in the Bonds (including secondary market transactions) in certain circumstances.

Under the Commission’s proposal, the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in the Bonds where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, “established” in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

However, the FTT proposal remains subject to negotiation between the Participating Member States (excluding Estonia) and its scope is uncertain. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

If the FTT or any similar tax were adopted, transactions in the Bonds could be subject to higher costs, and the liquidity of the market for the Bonds may be diminished. The Issuer or any Paying Agent will in any case not be required to pay or indemnify the Bondholders for any cost incurred as the case may be in respect of the FTT.

Prospective holders of the Bonds are advised to seek their own professional advice in relation to the FTT.

The terms and conditions of the 2024 Bonds will be as follows:

The issue outside the Republic of France of €500,000,000 0.75 per cent. Bonds due 6 July 2024 (the “Bonds”) of Legrand (the “Issuer”) has been authorised by a resolution of the Board of Directors (Conseil d’administration) of the Issuer dated 31 May 2017 and a decision of Gilles Schnepp, Chairman and Chief Executive Officer (Président Directeur Général) of the Issuer dated 3 July 2017. The Issuer has entered into a fiscal agency agreement (the “Fiscal Agency Agreement”) dated 4 July 2017 with BNP Paribas Securities Services as fiscal agent, calculation agent and principal paying agent. The fiscal agent, calculation agent and principal paying agent and paying agents for the time being are referred to in these Conditions as the “Fiscal Agent”, the “Calculation Agent”, the “Principal Paying Agent” and the “Paying Agents” (which expression shall include the Principal Paying Agent), each of which expression shall include the successors from time to time of the relevant persons, in such capacities, under the Fiscal Agency Agreement, and are collectively referred to as the “Agents”. References to “Conditions” are, unless the context otherwise requires, to the numbered paragraphs below.

1 Form, Denomination and Title

The Bonds are issued on 6 July 2017 (the “Issue Date”) in dematerialised bearer form in the denomination of €100,000 each. Title to the Bonds will be evidenced in accordance with Articles L.211-3 and R.211-1 of the French Code monétaire et financier by book-entries (inscription en compte). No physical document of title (including certificats représentatifs pursuant to Article R.211-7 of the French Code monétaire et financier) will be issued in respect of the Bonds.

The Bonds will, upon issue, be inscribed in the books of Euroclear France, which shall credit the accounts of the Account Holders. For the purpose of these Conditions, “Account Holders” shall mean any intermediary institution entitled to hold accounts, directly or indirectly, with Euroclear France, and includes Euroclear Bank S.A./N.V. (“Euroclear”) and the depositary bank for Clearstream Banking, S.A. (“Clearstream”).

Title to the Bonds shall be evidenced by entries in the books of Account Holders and will pass upon, and transfer of Bonds may only be effected through, registration of the transfer in such books.

2 Status and Negative Pledge

(a) Status of the Bonds

The obligations of the Issuer in respect of the Bonds constitute direct, unconditional, unsubordinated and (subject to Condition 2(b)) unsecured obligations and rank and will rank pari passu and without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with all other present or future unsecured and unsubordinated obligations of the Issuer.

(b) Negative Pledge

So long as any of the Bonds remain outstanding (as defined below), the Issuer will not, and will ensure that none of its Principal Subsidiaries (as defined below) will, create or permit to subsist any mortgage, lien, charge, pledge or other form of security interest (sûreté réelle) (“Security”) upon any of their respective assets or revenues, present or future, to secure (i) any Relevant Debt (as defined below) or (ii) any guarantee or indemnity in respect of any Relevant Debt unless, at the same time or prior thereto, the Issuer’s obligations under the Bonds are equally and rateably secured therewith.
For the purposes of this Condition:

(i) “outstanding” means, in relation to the Bonds, all the Bonds issued other than: (a) those which have been redeemed in accordance with the Conditions, (b) those in respect of which the date for redemption in accordance with the Conditions has occurred and the redemption monies (including all interest accrued on such Bonds to the date for such redemption and any interest payable under Condition 3 after such date) have been duly paid to the Fiscal Agent and (c) those which have been purchased and cancelled as provided in Condition 4.

(ii) “Principal Subsidiary” means at any relevant time a Subsidiary of the Issuer:

(a) which has a consolidated turnover or consolidated operating profit (EBIT), calculated according to IFRS, for such period before deducting any depreciation or amortisation (the “Consolidated EBITDA”) representing 10 per cent. or more of the consolidated turnover or Consolidated EBITDA of the Group, calculated on a consolidated basis by reference to the latest audited consolidated accounts of the Issuer,

(b) to which is transferred all or substantially all the assets and undertakings of a Subsidiary which immediately prior to such transfer was a Principal Subsidiary pursuant to (a) above.

(iii) “Relevant Debt” means any present or future indebtedness for borrowed money in the form of, or represented by, bonds or notes (obligations) which are for the time being, or are capable of being, quoted, admitted to trading or ordinarily dealt in on any stock exchange, over-the-counter market or other securities market.

(iv) “Subsidiary” means, in relation to any person or entity at any time, any other person or entity controlled directly or indirectly by such person or entity within the meaning of Article L.233-3 of the French Code de commerce.

3 Interest

The Bonds bear interest at the rate of 0.75 per cent. per annum, from and including 6 July 2017 (the “Interest Commencement Date”) payable annually in arrear on 6 July in each year (each an “Interest Payment Date”), commencing on 6 July 2018. The period commencing on, and including, the Interest Commencement Date and ending on, but excluding, the first Interest Payment Date and each successive period commencing on, and including, an Interest Payment Date and ending on, but excluding, the next succeeding Interest Payment Date is called an “Interest Period”.

Bonds will cease to bear interest from the date provided for their redemption, unless the Issuer defaults in making due provision for their redemption on said date. In such event, the Bonds will continue to bear interest in accordance with this Condition (as well after as before judgment) on the principal amount of such Bonds until whichever is the earlier of (i) the day on which all sums due in respect of such Bonds up to that day are received by or on behalf of the relevant holder and (ii) the day after the Fiscal Agent has notified the holders of the Bonds (the “Bondholders”) in accordance with Condition 9 of receipt of all sums due in respect of all the Bonds up to that day.

Interest will be calculated on an Actual/Actual (ICMA) basis. If interest is required to be calculated for a period of less than one year, it will be calculated on the basis of a day count fraction which will be calculated by taking the number of days in the relevant period, from and including the date from which interest begins to accrue to but excluding the date on which it falls due, divided by the number of days in the Interest Period in which the relevant period falls (including the first such day but excluding the last).
4 Redemption and Purchase

The Bonds may not be redeemed otherwise than in accordance with this Condition 4.

(a) Final Redemption

Unless previously redeemed or purchased and cancelled as provided below, the Bonds will be redeemed by the Issuer at their principal amount on 6 July 2024 (the “Maturity Date”).

(b) Redemption for Taxation Reasons

(i) If, by reason of a change in French law or regulation, or any change in the official application or interpretation of such law or regulation, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment due in respect of the Bonds, not be able to make such payment without having to pay additional amounts as specified in Condition 6 below, the Issuer may on any Interest Payment Date, subject to having given not more than 45 nor less than 30 calendar days’ prior notice to the Bondholders (which notice shall be irrevocable), in accordance with Condition 9, redeem all, but not some only, of the outstanding Bonds at their principal amount provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable Interest Payment Date on which the Issuer could make payment of principal and interest without withholding or deduction for French taxes.

(ii) If the Issuer would on the occasion of the next payment in respect of the Bonds be prevented by French law or regulation from making payment to the Bondholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 6 below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven calendar days’ prior notice to the Bondholders in accordance with Condition 9 redeem all, but not some only, of the Bonds then outstanding at their principal amount plus any accrued interest on the latest practicable date on which the Issuer could make payment of the full amount payable in respect of the Bonds without withholding or deduction for French taxes, or, if such date is past, as soon as practicable thereafter.

(c) Redemption at the option of Bondholders following a Change of Control

If at any time while any Bond remains outstanding, there occurs (i) a Change of Control and (ii) within the Change of Control Period, a Rating Downgrade occurs or has occurred as a result of such Change of Control (a “Put Event”), the holder of such Bond will have the option (the “Put Option”) (unless, prior to the giving of the Put Event Notice, the Issuer gives notice of its intention to redeem the Bonds under Condition 4(b) (Redemption for taxation reasons)) to require the Issuer to redeem or, at the Issuer’s option, to procure the purchase of that Bond, on the Optional Redemption Date at its principal amount together with (or where purchased, together with an amount equal to) interest accrued to, but excluding, the Optional Redemption Date.

A “Change of Control” shall be deemed to have occurred each time that any person or persons acting in concert come(s) to own or acquire(s) directly or indirectly such number of shares in the capital of the Issuer carrying more than 50 per cent. of the voting rights exercisable at a general meeting of the Issuer.

“Change of Control Period” means the period commencing on the date of the first public announcement of the result (avis de résultat) by the Autorité des marchés financiers (“AMF”) of the relevant Change of Control (the “Relevant Announcement Date”) and ending on (i) the date which is 120 calendar days after the date of the first public announcement of the result of the relevant Change of Control, or (ii) such longer period for which the Bonds or the senior
unsecured long-term debt of the Issuer are under consideration (such consideration having been announced publicly within the period ending 90 calendar days after the occurrence of the relevant Change of Control) for rating review or, as the case may be, rating by, a Rating Agency, such period not to exceed 60 calendar days after the public announcement of such consideration.

A “Rating Downgrade” shall be deemed to have occurred in respect of a Change of Control (a) if within the Change of Control Period, the corporate credit rating previously assigned to the Issuer by any Rating Agency (as defined below) is (i) withdrawn or (ii) changed from an investment grade rating (BBB-, or its equivalent for the time being, or better) to a non-investment grade rating (BB+, or its equivalent for the time being, or worse) or (iii) if the corporate credit rating previously assigned to the Issuer by any Rating Agency was below an investment grade rating (as described above), lowered by at least one full rating notch (for example, from BB+ to BB; or their respective equivalents) or (b) if, on the Relevant Announcement Date, no corporate credit rating is assigned to the Issuer and, within the Change of Control Period, no Rating Agency assigns an investment grade rating to the Issuer (the “Non Investment Grade Rating”) or (c) if, on the Relevant Announcement Date, no corporate credit rating is assigned to the Issuer and, within the Change of Control Period, no Rating Agency assigns a rating to the Issuer, provided that, with respect to (a) and (b) above, (i) a Rating Downgrade otherwise arising by virtue of a particular change in rating shall be deemed not to have occurred in respect of a particular Change of Control, as the case may be, if the Rating Agency making the change in rating or assigning the Non Investment Grade Rating does not publicly announce or publicly confirm that the Non Investment Grade Rating or the reduction or withdrawal was the result, in whole or in part, of the Change of Control, as the case may be, and (ii) any Rating Downgrade must have been confirmed in a letter or other form of written communication, sent to the Issuer and publicly disclosed.

“Rating Agency” means S&P Global Ratings or any other rating agency of equivalent international standing requested by the Issuer to grant a corporate credit rating to the Issuer and, in each case, their respective successors or affiliates.

Promptly upon the Issuer becoming aware that a Put Event has occurred, the Issuer shall give notice (a “Put Event Notice”) to the Bondholders in accordance with Condition 9 specifying the nature of the Put Event, the circumstances giving rise to it and the procedure for exercising the Put Option contained in this Condition 4(c).

To exercise the Put Option to require redemption or, as the case may be, purchase of the Bonds following a Put Event, a Bondholder must transfer or cause to be transferred its Bonds to be so redeemed or purchased to the account of the Fiscal Agent specified in the Put Option Notice (as defined below) for the account of the Issuer within the period (the “Put Period”) of 45 calendar days after the Put Event Notice is given together with a duly signed and completed notice of exercise (a “Put Option Notice”) and in which the holder may specify a bank account to which payment is to be made under this Condition 4(c).

A Put Option Notice once given shall be irrevocable. The Issuer shall redeem or, at the option of the Issuer procure the purchase of, the Bonds in respect of which the Put Option has been validly exercised as provided above and subject to the transfer of such Bonds to the account of the Fiscal Agent for the account of the Issuer, on the date which is the fifth business day following the end of the Put Period (the “Optional Redemption Date”). Payment in respect of such Bonds will be made on the Optional Redemption Date by transfer to the bank account specified in the Put Option Notice and otherwise subject to the provisions of Condition 5.

For the avoidance of doubt, the Issuer shall have no responsibility for any cost or loss of whatever kind (including breakage costs) which the Bondholder may incur as a result of or in connection
with such Bondholder’s exercise or purported exercise of, or otherwise in connection with, any Put Option (whether as a result of any purchase or redemption arising there from or otherwise).

(d) **Redemption at the option of the Issuer**

(i) **Pre-Maturity Call Option**

The Issuer may, at its option, from (and including) 6 April 2024 to (but excluding) the Maturity Date, subject to having given not more than 45 nor less than 30 calendar days’ prior notice to the Bondholders in accordance with Condition 9 (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all (but not some only) of the outstanding Bonds, at their principal amount together with accrued interest up to (but excluding) the date fixed for redemption.

(ii) **Make-whole Redemption by the Issuer**

The Issuer may, subject to compliance with all relevant laws, regulations and directives and to having given not more than 45 nor less than 30 calendar days' prior notice to the Bondholders in accordance with Condition 9 (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all (but not some only) of the outstanding Bonds, at any time prior to their Maturity Date (the “Make-whole Redemption Date”) at an amount per Bond calculated by the Calculation Agent equal to the greater of:

(a) 100 per cent. of the principal amount of the Bonds; and

(b) the sum of the then current values of the remaining scheduled payments of principal and interest (not including any interest accrued on the Bonds to, but excluding, the Make-whole Redemption Date) discounted to the Make-whole Redemption Date on an annual basis (Actual/Actual ICMA) at the Reference Rate (as defined below) plus 0.15 per cent.,

The Reference Rate will be published by the Issuer in accordance with Condition 9.

The “Reference Rate” is the average of the four quotations given by the Reference Dealers of the mid-market annual yield of the Reference Bund on the fourth Business Day preceding the Make-whole Redemption Date at 11.00 a.m. (Central European Time (“CET”).

If the Reference Bund is no longer outstanding, a Similar Security will be chosen by the Calculation Agent at 11.00 a.m. (CET) on the third Business Day preceding the Make-whole Redemption Date, quoted in writing by the Calculation Agent to the Issuer and notified in accordance with Condition 9.

Where:

If the Calculation Agent is unable or unwilling to continue to act as the Calculation Agent or if the Calculation Agent fails duly to establish the amount due in relation to this Condition 4(d)(ii), the Issuer shall appoint some other leading bank engaged in the Euro interbank market (acting through its principal Euro-zone office) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been so appointed.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties. The Calculation Agent shall act as an independent expert and not as agent for the Issuer or the Bondholders.

(iii) Clean-Up Call Option

The notice shall set forth the underlying facts of the Issuer's right to early redemption and specify the redemption date.

An “Acquisition Event” shall have occurred if:

Notice of any such change or any change of specified office shall promptly be given to the Bondholders in accordance with Condition 9.

(iv) a judgement is issued for the judicial liquidation (liquidation judiciaire) or for a transfer of the whole of the business (cession totale de l’entreprise) of the Issuer; or any of its Principal Subsidiaries or, to the extent permitted by law, the Issuer or any of its Principal Subsidiaries is subject to any other insolvency or bankruptcy proceedings under any applicable laws or the Issuer or any of its Principal Subsidiaries makes any conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors; or

(v) in the event that the Issuer or any of its Principal Subsidiaries ceases to carry on all or a material part of its or their business or other operations, except for the purposes of and following a merger or reorganisation (fusion, scission or apport partiel d'actifs) (i) on
terms approved by the General Meeting of the Bondholders to the extent that French law requires such merger or reorganisation to be submitted for the approval to the General Meeting of the Bondholders or (ii) in the case of a Principal Subsidiary, whereby the undertaking and assets of the Principal Subsidiary are vested in the Issuer, another of its Principal Subsidiaries or any other Subsidiary which as a result of such merger or reorganisation becomes a Principal Subsidiary,

8 Representation of the Bondholders

Bondholders will be grouped automatically for the defence of their common interests in a masse (the “Masse”). The Masse will be governed by the provisions of the French Code de commerce, and with the exception of Articles L.228-48, L.228-59, L.228-65 II., R.228-63, R.228-67 and R.228-69 subject to the following provisions:

(a) **Legal Personality:** The Masse will be a separate legal entity and will act in part through a representative (the “Representative”) and in part through a general meeting of the Bondholders (“General Meeting”).

The Masse alone, to the exclusion of all individual Bondholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Bonds.

(b) **Representative:** The office of the Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representatives:

(i) the Issuer, the members of its Board of Directors (conseil d’administration), its general managers (directeurs généraux), its statutory auditors, or its employees as well as their ascendants, descendants and spouse; or

(ii) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (gérants), general managers (directeurs généraux), members of their Board of Directors (Conseil d’administration), Management Board (Directoire) or Supervisory Board (Conseil de surveillance), their statutory auditors, or employees as well as their ascendants, descendants and spouses; or

(iii) companies holding 10 per cent. or more of the share capital of the Issuer or companies having 10 per cent. or more of their share capital held by the Issuer; or

(iv) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The following person is designated as Representative of the Masse:

The following person is designated as alternate Representative of the Masse:

Me Philippe Maisonneuve
10, rue de Sèze
75009 Paris
France

The Representative and alternate Representative shall be entitled to an annual remuneration of €450.

In the event of dissolution, death, retirement or revocation of appointment of the Representative, such Representative will be replaced by the alternate Representative. In the event of dissolution, death, retirement or revocation of appointment of the alternate Representative, another Representative will be elected by a decision of the General Meeting.

(c) **Powers of the Representative:** The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Bondholders.

All legal proceedings against the Bondholders or initiated by them, must be brought by or against the Representative, and any legal proceedings which shall not be brought in accordance with this provision shall not be legally valid.

The Representative may not interfere in the management of the affairs of the Issuer.

(d) **General Meeting:** A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Bondholders, holding together at least one-thirtieth of the principal amount of the Bonds outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting, together with the proposed agenda for such General Meeting. If such General Meeting has not been convened within two months after such demand, the Bondholders may commission one of their members to petition a competent court in Paris to appoint an agent (mandataire) who will call the General Meeting.

Notice of the date, time, place and agenda of any General Meeting will be published as provided under Condition 9 not less than 15 calendar days prior to the date of such General Meeting.

Each Bondholder has the right to participate in a General Meeting in person, by proxy, correspondence, or videoconference or any other means of telecommunications allowing the identification of the participating Bondholders. Each Bond carries the right to one vote.

(e) **Powers of the General Meetings:** The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Bonds, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (charges) to Bondholders, nor establish any unequal treatment between the Bondholders, nor to decide to convert Bonds into shares.

General Meetings may deliberate validly on first convocation only if Bondholders present or represented hold at least a fifth of the principal amount of the Bonds then outstanding. On second convocation, no quorum shall be required. Decisions of the General Meetings shall be taken by
a two-third majority of votes cast by Bondholders attending such General Meetings or represented thereat.

In accordance with Article R.228-71 of the French Code de commerce, the rights of each Bondholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Bondholder on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting at 0:00, Paris time.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 9.

(f) Information to Bondholders: Each Bondholder or Representative thereof will have the right, during the 15-day period preceding the General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at or prepared for the General Meeting, all of which will be available for inspection by the relevant Bondholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting.

(g) Expenses: The Issuer will pay all reasonable expenses relating to the operation of the Masse, including expenses relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Bonds.

(h) Notice of Decisions: Decisions of the meetings shall be published in accordance with the provisions set out in Condition 9 not more than 90 calendar days from the date thereof.

9 Notices

Any notice to the Bondholders will be valid if (i) delivered to the Bondholders through Euroclear France, Euroclear or Clearstream, so long as the Bonds are cleared through such clearing systems, (ii) published and on the website of the Issuer (www.legrand.com) and, (iii) so long as the Bonds are admitted to trading on Euronext Paris, published on the website of the Euronext Paris (www.euronext.com). Any such notice shall be deemed to have been given on the date of such delivery or publication, if delivered or published more than once or on different dates, on the first date on which such delivery or publication is made.

10 Prescription

Claims against the Issuer for the payment of principal and interest in respect of the Bonds shall become prescribed ten years (in the case of principal) and five years (in the case of interest) from the due date for payment thereof.

11 Further Issues

The Issuer may, from time to time without the consent of the Bondholders, issue further bonds to be assimilated (assimilables) with the Bonds as regards their financial service, provided that such further bonds and the Bonds shall carry rights identical in all respects (or in all respects except for the first payment of interest thereon) and that the terms of such further bonds shall provide for such assimilation. In the event of such assimilation, the Bondholders and the holders of any assimilated bonds will, for the defence of their common interests, be grouped in a single Masse having legal personality.

12 No Hardship (Imprévision)

The Issuer and the Bondholders acknowledge that the provisions of Article 1195 of the French Code civil shall not apply to these Conditions.

Any claim against the Issuer in connection with any principal or interest on the Bonds may be brought before any competent court located within the jurisdiction of the registered office of the Issuer.

2 Status and Negative Pledge

(a) Status of the Bonds

The obligations of the Issuer in respect of the Bonds constitute direct, unconditional, unsubordinated and (subject to Condition 2(b)) unsecured obligations and rank and will rank pari passu and without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with all other present or future unsecured and unsubordinated obligations of the Issuer.

(b) Negative Pledge

So long as any of the Bonds remain outstanding (as defined below), the Issuer will not, and will ensure that none of its Principal Subsidiaries (as defined below) will, create or permit to subsist any mortgage, lien, charge, pledge or other form of security interest (sûreté réelle) (“Security”) upon any of their respective assets or revenues, present or future, to secure (i) any Relevant Debt (as defined below) or (ii) any guarantee or indemnity in respect of any Relevant Debt unless, at the same time or prior thereto, the Issuer’s obligations under the Bonds are equally and rateably secured therewith.
For the purposes of this Condition:

(i) “outstanding” means, in relation to the Bonds, all the Bonds issued other than: (a) those which have been redeemed in accordance with the Conditions, (b) those in respect of which the date for redemption in accordance with the Conditions has occurred and the redemption monies (including all interest accrued on such Bonds to the date for such redemption and any interest payable under Condition 3 after such date) have been duly paid to the Fiscal Agent and (c) those which have been purchased and cancelled as provided in Condition 4.

(ii) “Principal Subsidiary” means at any relevant time a Subsidiary of the Issuer:

(a) which has a consolidated turnover or consolidated operating profit (EBIT), calculated according to IFRS, for such period before deducting any depreciation or amortisation (the “Consolidated EBITDA”) representing 10 per cent. or more of the consolidated turnover or Consolidated EBITDA of the Group, calculated on a consolidated basis by reference to the latest audited consolidated accounts of the Issuer,

The period commencing on, and including, the Interest Commencement Date and ending on, but excluding, the first Interest Payment Date and each successive period commencing on, and including, an Interest Payment Date and ending on, but excluding, the next succeeding Interest Payment Date is called an “Interest Period”.

Bonds will cease to bear interest from the date provided for their redemption, unless the Issuer defaults in making due provision for their redemption on said date. In such event, the Bonds will continue to bear interest in accordance with this Condition (as well after as before judgment) on the principal amount of such Bonds until whichever is the earlier of (i) the day on which all sums due in respect of such Bonds up to that day are received by or on behalf of the relevant holder and (ii) the day after the Fiscal Agent has notified the holders of the Bonds (the “Bondholders”) in accordance with Condition 9 of receipt of all sums due in respect of all the Bonds up to that day.

Interest will be calculated on an Actual/Actual (ICMA) basis. If interest is required to be calculated for a period of less than one year, it will be calculated on the basis of a day count fraction which will be calculated by taking the number of days in the relevant period, from and including the date from which interest begins to accrue to but excluding the date on which it falls due, divided by the number of days in the Interest Period in which the relevant period falls (including the first such day but excluding the last).
4 Redemption and Purchase

The Bonds may not be redeemed otherwise than in accordance with this Condition 4.

(a) Final Redemption

Unless previously redeemed or purchased and cancelled as provided below, the Bonds will be redeemed by the Issuer at their principal amount on 6 July 2032 (the “Maturity Date”).

(b) Redemption for Taxation Reasons

(i) If, by reason of a change in French law or regulation, or any change in the official application or interpretation of such law or regulation, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment due in respect of the Bonds, not be able to make such payment without having to pay additional amounts as specified in Condition 6 below, the Issuer may on any Interest Payment Date, subject to having given not more than 45 nor less than 30 calendar days’ prior notice to the Bondholders (which notice shall be irrevocable), in accordance with Condition 9, redeem all, but not some only, of the outstanding Bonds at their principal amount provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable Interest Payment Date on which the Issuer could make payment of principal and interest without withholding or deduction for French taxes.

(ii) If the Issuer would on the occasion of the next payment in respect of the Bonds be prevented by French law or regulation from making payment to the Bondholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 6 below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven calendar days’ prior notice to the Bondholders in accordance with Condition 9 redeem all, but not some only, of the Bonds then outstanding at their principal amount plus any accrued interest on the latest practicable date on which the Issuer could make payment of the full amount payable in respect of the Bonds without withholding or deduction for French taxes, or, if such date is past, as soon as practicable thereafter.

(c) Redemption at the option of Bondholders following a Change of Control

If at any time while any Bond remains outstanding, there occurs (i) a Change of Control and (ii) within the Change of Control Period, a Rating Downgrade occurs or has occurred as a result of such Change of Control (a “Put Event”), the holder of such Bond will have the option (the “Put Option”) (unless, prior to the giving of the Put Event Notice, the Issuer gives notice of its intention to redeem the Bonds under Condition 4(b) (Redemption for taxation reasons)) to require the Issuer to redeem or, at the Issuer's option, to procure the purchase of that Bond, on the Optional Redemption Date at its principal amount together with (or where purchased, together with an amount equal to) interest accrued to, but excluding, the Optional Redemption Date.

A “Change of Control” shall be deemed to have occurred each time that any person or persons acting in concert come(s) to own or acquire(s) directly or indirectly such number of shares in the capital of the Issuer carrying more than 50 per cent. of the voting rights exercisable at a general meeting of the Issuer.

“Change of Control Period” means the period commencing on the date of the first public announcement of the result (avis de résultat) by the Autorité des marchés financiers (“AMF”) of the relevant Change of Control (the “Relevant Announcement Date”) and ending on (i) the date which is 120 calendar days after the date of the first public announcement of the result of the relevant Change of Control, or (ii) such longer period for which the Bonds or the senior
unsecured long-term debt of the Issuer are under consideration (such consideration having been announced publicly within the period ending 90 calendar days after the occurrence of the relevant Change of Control) for rating review or, as the case may be, rating by, a Rating Agency, such period not to exceed 60 calendar days after the public announcement of such consideration.

A “Rating Downgrade” shall be deemed to have occurred in respect of a Change of Control (a) if within the Change of Control Period, the corporate credit rating previously assigned to the Issuer by any Rating Agency (as defined below) is (i) withdrawn or (ii) changed from an investment grade rating (BBB-, or its equivalent for the time being, or better) to a non-investment grade rating (BB+, or its equivalent for the time being, or worse) or (iii) if the corporate credit rating previously assigned to the Issuer by any Rating Agency was below an investment grade rating (as described above), lowered by at least one full rating notch (for example, from BB+ to BB; or their respective equivalents) or (b) if, on the Relevant Announcement Date, no corporate credit rating is assigned to the Issuer and, within the Change of Control Period, no Rating Agency assigns an investment grade rating to the Issuer (the “Non Investment Grade Rating”) or (c) if, on the Relevant Announcement Date, no corporate credit rating is assigned to the Issuer and, within the Change of Control Period, no Rating Agency assigns a rating to the Issuer, provided that, with respect to (a) and (b) above, (i) a Rating Downgrade otherwise arising by virtue of a particular change in rating shall be deemed not to have occurred in respect of a particular Change of Control, as the case may be, if the Rating Agency making the change in rating or assigning the Non Investment Grade Rating does not publicly announce or publicly confirm that the Non Investment Grade Rating or the reduction or withdrawal was the result, in whole or in part, of the Change of Control, as the case may be, and (ii) any Rating Downgrade must have been confirmed in a letter or other form of written communication, sent to the Issuer and publicly disclosed.

“Rating Agency” means S&P Global Ratings or any other rating agency of equivalent international standing requested by the Issuer to grant a corporate credit rating to the Issuer and, in each case, their respective successors or affiliates.

Promptly upon the Issuer becoming aware that a Put Event has occurred, the Issuer shall give notice (a “Put Event Notice”) to the Bondholders in accordance with Condition 9 specifying the nature of the Put Event, the circumstances giving rise to it and the procedure for exercising the Put Option contained in this Condition 4(c).

To exercise the Put Option to require redemption or, as the case may be, purchase of the Bonds following a Put Event, a Bondholder must transfer or cause to be transferred its Bonds to be so redeemed or purchased to the account of the Fiscal Agent specified in the Put Option Notice (as defined below) for the account of the Issuer within the period (the “Put Period”) of 45 calendar days after the Put Event Notice is given together with a duly signed and completed notice of exercise (a “Put Option Notice”) and in which the holder may specify a bank account to which payment is to be made under this Condition 4(c).

A Put Option Notice once given shall be irrevocable. The Issuer shall redeem or, at the option of the Issuer procure the purchase of, the Bonds in respect of which the Put Option has been validly exercised as provided above and subject to the transfer of such Bonds to the account of the Fiscal Agent for the account of the Issuer, on the date which is the fifth business day following the end of the Put Period (the “Optional Redemption Date”). Payment in respect of such Bonds will be made on the Optional Redemption Date by transfer to the bank account specified in the Put Option Notice and otherwise subject to the provisions of Condition 5.

For the avoidance of doubt, the Issuer shall have no responsibility for any cost or loss of whatever kind (including breakage costs) which the Bondholder may incur as a result of or in connection
with such Bondholder’s exercise or purported exercise of, or otherwise in connection with, any Put Option (whether as a result of any purchase or redemption arising there from or otherwise).

(d) Redeem at the option of the Issuer

(i) Pre-Maturity Call Option

The Issuer may, at its option, from (and including) 6 April 2032 to (but excluding) the Maturity Date, subject to having given not more than 45 nor less than 30 calendar days’ prior notice to the Bondholders in accordance with Condition 9 (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all (but not some only) of the outstanding Bonds, at their principal amount together with accrued interest up to (but excluding) the date fixed for redemption.

(ii) Make-whole Redemption by the Issuer

The Issuer may, subject to compliance with all relevant laws, regulations and directives and to having given not more than 45 nor less than 30 calendar days' prior notice to the Bondholders in accordance with Condition 9 (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all (but not some only) of the outstanding Bonds, at any time prior to their Maturity Date (the “Make-whole Redemption Date”) at an amount per Bond calculated by the Calculation Agent equal to the greater of:

(a) 100 per cent. of the principal amount of the Bonds; and

(b) the sum of the then current values of the remaining scheduled payments of principal and interest (not including any interest accrued on the Bonds to, but excluding, the Make-whole Redemption Date) discounted to the Make-whole Redemption Date on an annual basis (Actual/Actual ICMA) at the Reference Rate (as defined below) plus 0.25 per cent.,

If the Calculation Agent is unable or unwilling to continue to act as the Calculation Agent or if the Calculation Agent fails duly to establish the amount due in relation to this Condition 4(d)(ii), the Issuer shall appoint some other leading bank engaged in the Euro interbank market (acting through its principal Euro-zone office) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been so appointed.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties. The Calculation Agent shall act as an independent expert and not as agent for the Issuer or the Bondholders.

withheld or assessed by or within France or any political subdivision or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(b) Additional Amounts

If, pursuant to French laws, payments of principal, interest and other revenues in respect of any Bond are subject to withholding or deduction in respect of any present or future taxes, duties, assessments or other governmental charges of whatever nature imposed, levied or collected, withheld or assessed by or on behalf of France or any authority therein or thereof having power to tax, the Issuer shall, to the fullest extent then permitted by law, pay such additional amounts as may be necessary in order that the holder of each Bond, after such withholding or deduction, will receive the full amount then due and payable thereon in the absence of such withholding or deduction; provided, however, that the Issuer shall not be liable to pay any such additional amounts in respect of any Bond to, or to a third party on behalf of a Bondholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Bond by reason of his having some connection with France other than the mere holding of such Bond.

Any references to these Conditions to principal and interest shall be deemed also to refer to any additional amounts which may be payable under the provisions of this Condition 6.

7 Events of Default

If any of the following events (each an “Event of Default”) shall have occurred and be continuing:

(i) in the event of default by the Issuer in the payment of principal and interest on any of the Bonds, if such default shall not have been cured within 7 business days in Paris thereafter;

(ii) in the event of default by the Issuer in the due performance of any provision of the Bonds other than as referred in Condition 7(i) above, if such default shall not have been cured within 14 business days in Paris after receipt by the Fiscal Agent of written notice of such default given by the Representative (as defined in Condition 8); or

(iii) any other present or future indebtedness of the Issuer or any of its Principal Subsidiaries for borrowed monies in excess of Euro 30,000,000 (or its equivalent in any other currency), whether individually or in the aggregate, becomes, following, where applicable, the expiry of any originally applicable grace period, due and payable prior to its stated maturity as a result of a default thereunder, or any such indebtedness shall not be paid when due or, as the case may be, within any originally applicable grace period therefor or any steps shall be taken to enforce any security in respect of any such indebtedness or any guarantee or indemnity given by the Issuer or any of its Principal Subsidiaries for, or in respect of, any such indebtedness of others shall not be honoured when due and called upon; or

(iv) a judgement is issued for the judicial liquidation (liquidation judiciaire) or for a transfer of the whole of the business (cession totale de l’entreprise) of the Issuer; or any of its Principal Subsidiaries or, to the extent permitted by law, the Issuer or any of its Principal Subsidiaries is subject to any other insolvency or bankruptcy proceedings under any applicable laws or the Issuer or any of its Principal Subsidiaries makes any conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors; or

(v) in the event that the Issuer or any of its Principal Subsidiaries ceases to carry on all or a material part of its or their business or other operations, except for the purposes of and following a merger or reorganisation (fusion, scission or apport partiel d’actifs) (i) on
terms approved by the General Meeting of the Bondholders to the extent that French law requires such merger or reorganisation to be submitted for the approval to the General Meeting of the Bondholders or (ii) in the case of a Principal Subsidiary, whereby the undertaking and assets of the Principal Subsidiary are vested in the Issuer, another of its Principal Subsidiaries or any other Subsidiary which as a result of such merger or reorganisation becomes a Principal Subsidiary,

then the Representative upon request of any Bondholder shall, by written notice to the Issuer and the Fiscal Agent given before all continuing Events of Default shall have been cured, cause all the Bonds (but not some only) held by such Bondholder to become immediately due and payable as of the date on which such notice for payment is received by the Fiscal Agent without further formality at the principal amount of the Bonds together with any accrued interest thereon.

8 Representation of the Bondholders

Bondholders will be grouped automatically for the defence of their common interests in a masse (the “Masse”). The Masse will be governed by the provisions of the French Code de commerce, and with the exception of Articles L.228-48, L.228-59, L.228-65 II., R.228-63, R.228-67 and R.228-69 subject to the following provisions:

(a) Legal Personality: The Masse will be a separate legal entity and will act in part through a representative (the “Representative”) and in part through a general meeting of the Bondholders (“General Meeting”).

The Masse alone, to the exclusion of all individual Bondholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Bonds.

(b) Representative: The office of the Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representatives:

(i) the Issuer, the members of its Board of Directors (conseil d’administration), its general managers (directeurs généraux), its statutory auditors, or its employees as well as their ascendants, descendants and spouse; or

(ii) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (gérants), general managers (directeurs généraux), members of their Board of Directors (Conseil d’administration), Management Board (Directoire) or Supervisory Board (Conseil de surveillance), their statutory auditors, or employees as well as their ascendants, descendants and spouses; or

(iii) companies holding 10 per cent. or more of the share capital of the Issuer or companies having 10 per cent. or more of their share capital held by the Issuer; or

(iv) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The following person is designated as Representative of the Masse:

MCM AVOCAT
Represented by M. Antoine Lachenaud
10, rue de Sèze
75009 Paris
France
The following person is designated as alternate Representative of the Masse:

Me Philippe Maisonneuve
10, rue de Sèze
75009 Paris
France

The Representative and alternate Representative shall be entitled to an annual remuneration of €450.

In the event of dissolution, death, retirement or revocation of appointment of the Representative, such Representative will be replaced by the alternate Representative. In the event of dissolution, death, retirement or revocation of appointment of the alternate Representative, another Representative will be elected by a decision of the General Meeting.

(c) Powers of the Representative: The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Bondholders.

All legal proceedings against the Bondholders or initiated by them, must be brought by or against the Representative, and any legal proceedings which shall not be brought in accordance with this provision shall not be legally valid.

The Representative may not interfere in the management of the affairs of the Issuer.

(d) General Meeting: A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Bondholders, holding together at least one-thirtieth of the principal amount of the Bonds outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting, together with the proposed agenda for such General Meeting. If such General Meeting has not been convened within two months after such demand, the Bondholders may commission one of their members to petition a competent court in Paris to appoint an agent (mandataire) who will call the General Meeting.

Notice of the date, time, place and agenda of any General Meeting will be published as provided under Condition 9 not less than 15 calendar days prior to the date of such General Meeting.

Each Bondholder has the right to participate in a General Meeting in person, by proxy, correspondence, or videoconference or any other means of telecommunications allowing the identification of the participating Bondholders. Each Bond carries the right to one vote.

(e) Powers of the General Meetings: The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Bonds, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (charges) to Bondholders, nor establish any unequal treatment between the Bondholders, nor to decide to convert Bonds into shares.

General Meetings may deliberate validly on first convocation only if Bondholders present or represented hold at least a fifth of the principal amount of the Bonds then outstanding. On second convocation, no quorum shall be required. Decisions of the General Meetings shall be taken by
a two-third majority of votes cast by Bondholders attending such General Meetings or represented thereat.

In accordance with Article R.228-71 of the French Code de commerce, the rights of each Bondholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Bondholder on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting at 0:00, Paris time.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 9.

(f) **Information to Bondholders:** Each Bondholder or Representative thereof will have the right, during the 15-day period preceding the General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at or prepared for the General Meeting, all of which will be available for inspection by the relevant Bondholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting.

(g) **Expenses:** The Issuer will pay all reasonable expenses relating to the operation of the Masse, including expenses relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Bonds.

(h) **Notice of Decisions:** Decisions of the meetings shall be published in accordance with the provisions set out in Condition 9 not more than 90 calendar days from the date thereof.

9 **Notices**

Any notice to the Bondholders will be valid if (i) delivered to the Bondholders through Euroclear France, Euroclear or Clearstream, so long as the Bonds are cleared through such clearing systems, (ii) published and on the website of the Issuer (www.legrand.com) and, (iii) so long as the Bonds are admitted to trading on Euronext Paris, published on the website of the Euronext Paris (www.euronext.com). Any such notice shall be deemed to have been given on the date of such delivery or publication, if delivered or published more than once or on different dates, on the first date on which such delivery or publication is made.

10 **Prescription**

Claims against the Issuer for the payment of principal and interest in respect of the Bonds shall become prescribed ten years (in the case of principal) and five years (in the case of interest) from the due date for payment thereof.

11 **Further Issues**

The Issuer may, from time to time without the consent of the Bondholders, issue further bonds to be assimilated (assimilables) with the Bonds as regards their financial service, provided that such further bonds and the Bonds shall carry rights identical in all respects (or in all respects except for the first payment of interest thereon) and that the terms of such further bonds shall provide for such assimilation. In the event of such assimilation, the Bondholders and the holders of any assimilated bonds will, for the defence of their common interests, be grouped in a single Masse having legal personality.

12 **No Hardship (Imprévision)**

The Issuer and the Bondholders acknowledge that the provisions of Article 1195 of the French Code civil shall not apply to these Conditions.
13 Governing Law and Jurisdiction

The Bonds and any non-contractual obligation arising out of or in connection with the Bonds are governed by the laws of France.

Any claim against the Issuer in connection with any principal or interest on the Bonds may be brought before any competent court located within the jurisdiction of the registered office of the Issuer.
USE OF PROCEEDS

The net proceeds from the issue of the Bonds will be €994,365,000 (€496,715,000 in respect of the 2024 Bonds and €497,650,000 in respect of the 2032 Bonds) and will be used by the Issuer for the financing of the acquisition of Milestone AV Technologies LLC for an enterprise value of USD 950,000,000, net of discounted US tax benefit of USD 250,000,000\(^1\) and for the general corporate purposes of its Group.

\(^1\) gross price paid of USD 1,200,000,000 less a USD 400,000,000 cash tax benefit discounted to USD 250,000,000 (at a rate of 7.0 per cent. over the period of goodwill amortisation i.e. 15 years)
RECENT DEVELOPMENTS

Press release dated 10 May 2017

Sustained, profitable growth in the first quarter of 2017

Organic growth in sales: +4.6%
Rise in adjusted operating profit: +14.5%
Increase in net income excluding minority interests: +17.0%

Ongoing active external growth
2017 targets confirmed

Gilles Schnep, Chairman and CEO of Legrand, commented:

“Sustained, profitable growth in the first quarter of 2017

The growth momentum observed in 2016 continued in the first quarter of 2017, with sustained organic growth in sales of +4.6%, driven by all geographic regions but also benefiting from a positive calendar effect and orders placed in advance by some distributors.

The impact of the broader scope of consolidation on sales stood at +3.9% and the exchange-rate effect was favorable at +2.0%. Total Group sales rose by nearly +11%.

Adjusted operating profit came to €259.5 million, up €32.8 million or +14.5% from the first quarter of 2016, reflecting Legrand’s capacity to create value through profitable growth. Adjusted operating margin before acquisitions (at 2016 scope of consolidation) stood at 19.8% of sales (19.7% including acquisitions), compared with 19.1% in the first quarter of 2016.

Net result excluding minority interests is up +17.0% compared with the first quarter of 2016.

Ongoing active external growth

As in 2016, Legrand is active in acquisitions and has already announced the acquisitions of OCL, specialized in architectural lighting solutions for commercial and high-end residential buildings in the United States.

Legrand is pursuing this strategy of bolt-on\(^1\) acquisitions and today announced the acquisition of Finelite\(^2\), an acknowledged American player in specification-grade linear lighting fixtures for non-residential buildings. With annual sales of approximately $200 million and around 485 employees, this targeted acquisition rounds out the Group’s presence in lighting control in North America.

Legrand also announced the acquisition of AFCO Systems Group, a US provider of Voice-Data-Image (VDI) cabinets for datacenters as well as the signature of a joint venture agreement to purchase Born\(^3\), an Italian UPS\(^4\) specialist.

These acquisitions allow Legrand to further consolidate its product offering in growing markets underpinned in particular by societal evolutions.”

2017 targets confirmed

Based on Legrand’s strong showings in the first quarter of 2017, but taking into account unfavorable effects on sales growth in coming quarters (the counterpart of orders placed in advance by some distributors in the first quarter and, as announced, (i) high basis for comparison in Italy and the United States and (ii) calendar effects), Legrand confirms its two targets\(^5\) for 2017.

Reminder: these two targets are organic growth in sales of between 0% and +3% and adjusted operating margin before acquisitions (at 2016 scope of consolidation) of between 19.3% and 20.1% of sales.

Legrand will also pursue its strategy of value-creating acquisitions.

---

1 Small- to mid-size acquisitions that complement Legrand’s activities.
2 Subject to standard conditions precedent.
3 As Legrand holds 49% of equity, Born will be consolidated on the equity method.
4 Uninterruptible Power Supply.
5 Readers are invited to refer to the press release announcing full-year 2016 results for the complete presentation of Legrand’s 2017 targets.

\(^{(2)}\) At 2016 scope of consolidation

Financial performance at March 31, 2017

Consolidated sales

First-quarter 2017 sales stood at €1,318.8 million, up nearly +11% from the first quarter of 2016. This healthy rise was generated as follows:

- +4.6% in organic growth driven by all geographic regions, but also benefiting on the one hand from a favorable calendar effect of around one day (contributing +1.6 points to the quarter’s growth) and on the other hand from orders placed in advance by distributors in some countries following the announcement by the Group of a rise in sales prices in the second quarter related to the increase in raw material prices observed at the beginning of the year. The effect of orders placed in advance by distributors should reverse in the second quarter. Reminder: for the rest of the year (i) the second and third quarters of 2016 represent a high basis for comparison in the United States and Italy, and (ii) the calendar effect should be unfavorable (and more marked in the second quarter in particular);
- +3.9% growth in scope of consolidation due to acquisitions; and
- +2.0%\(^{(1)}\) favorable exchange-rate effect.

Changes in sales by destination at constant scope of consolidation and exchange rates broke down as follows by region:

</table>

\(^{(1)}\) When average April exchange rates are applied to the last eight months of the year, the annual exchange-rate effect for 2017 is +1.8%.
These changes at constant scope of consolidation and exchange rates are analyzed below by geographical region:

- **France** (17.0% of Group sales): organic growth in sales in France came to +4.1% in the first quarter of 2017, benefiting from a one-day favorable calendar effect. Reminder: an unfavorable calendar effect should impact sales evolution for the rest of the year. This will be particularly marked in the second quarter, with an estimated impact of -2 days.

As anticipated, new construction activity - which accounts for around 40% of sales in France - is increasing, while renovation business remains almost flat.

- **Italy** (10.8% of Group sales): sales rose +1.9% at constant scope of consolidation and exchange rates in Italy, with particularly good showings in home systems, energy distribution and cable management. Reminder: the second and third quarters of 2016 represent a demanding basis for comparison.

- **Rest of Europe** (18.1% of Group sales): sales rose +8.8% from the first quarter of 2016 at constant scope of consolidation and exchange rates. This good performance was driven by the region’s mature countries recording double-digit organic growth as a whole, with strong sales increases in Spain and the United Kingdom in particular. New economies also reported a strong rise in sales, as in Russia, which recorded a solid performance over the period. In Turkey, sales were nearly stable in the first quarter.

- **North and Central America** (29.4% of Group sales): sales rose +4.0% in the first quarter of 2017 at constant scope of consolidation and exchange rates. Organic growth in the United States alone stood at +3.5%. Reminder: (i) the calendar effect should be unfavorable for the rest of the year and (ii) in the second quarter and - even more - in the third quarter of 2016, organic growth in sales had benefited from favorable one-offs representing a demanding basis for comparison for 2017. Moreover, Mexico recorded double-digit growth in sales.

- **Rest of the World** (24.7% of Group sales): organic growth was +4.0% in the first quarter of 2017. As in 2016, trends varied significantly from one country to the next. India and China recorded, for instance, a good start to the year. These good performances helped more than compensate for the retreat in activity in Australia and Malaysia. Business in the Middle East recorded a slight decrease over the period.

**Adjusted operating profit and margin**

A good operating performance against a backdrop of rising sales set adjusted operating margin before acquisitions \(^1\) at 19.8% of sales in the first quarter of 2017, up 0.7 points from the first quarter of 2016. Including acquisitions, adjusted operating margin stood at 19.7% of sales. As a result, adjusted operating profit came to €259.5 million, up +14.5%, or an increase of €32.8 million, reflecting the Group’s capacity to create value through profitable growth.

More specifically, by reacting quickly to adjust sales prices at the beginning of the year, Legrand was able in the first quarter to offset in absolute value the impact of a marked rise in raw material prices. Further sales price increases are scheduled for the second quarter to take into account the ongoing rise in raw material prices.

**Net income excluding minority interests**

Legrand’s net income excluding minority interests for the first quarter of 2017 stood at €149.0 million, up +17.0% from the first quarter of 2016. This reflects:

- a good operating performance, with a €30.9 million improvement in operating profit;
- a €18.8 million decline in net financial expense and a €17.7 million favorable change in the foreign-exchange result;
- partially offset by:
  - a €12.0 million rise in income tax expense (the tax rate stood at 33.0%, almost stable compared with the one recorded for the full-year 2016); and
  - the result of equity-accounted entities (-€0.8 million).

---

\(^1\) **At 2016 scope of consolidation.**
Cash generation
Cash flow from operations rose by over 20% in the first quarter of 2017 to stand at €217.3 million, representing 16.5% of sales.

Working capital requirement was under control and came to 8.0% of sales for the last twelve months. Industrial investments stood at €32.6 million - over €9 million more than in the first quarter of 2016 - with nearly 58% dedicated to new products reflecting the pace of innovation fueling current and future Group growth.

Free cash flow was thus €83.1 million, representing an increase of €45.7 million compared with the first quarter of 2016, including:
- a good operating performance with EBITDA, up €33.8 million;
- a favorable trend in realized foreign-exchange gains, which totaled €8.0 million;
- an €11.4 million decrease in working capital requirement excluding tax items;
- a €3.0 million improvement in other cash items;

partially offset by:
- an €8.2 million rise in investments net of sales;
- a €1.4 million rise in interest paid; and
- a €0.9 million rise in tax paid.

Normalized free cash flow came to €180.8 million over the period.

Active ongoing external growth

As in 2016, Legrand is active in acquisitions and has already announced the acquisition of OCL, specialized in architectural lighting solutions for commercial and high-end residential buildings in the United States. OCL has annual sales of around $15 million and some 60 employees. Legrand is actively pursuing this strategy of bolt-on acquisitions and today announced three new transactions:

- the acquisition of FineLite\(^3\), an acknowledged US player in specification-grade linear lighting fixtures for non-residential buildings (including offices, hospitals, schools, government buildings and retail outlets). Backed by manufacturing facilities and a broad commercial network in the United States, FineLite offers innovative, high added-value solutions and premium customer service. In a market underpinned by rising demand for energy-saving solutions, this targeted acquisition rounds out Legrand’s presence in lighting control in North America, including wall-mounted controls (Pass & Seymour), control panels (WattStopper), architectural lighting solutions (Pinnacle and OCL) and management systems for light intensity and chromatic quality\(^3\). Based in Union City (California), FineLite has around 465 employees and annual sales of approximately $200 million, primarily in North America;

- the purchase of AFCO Systems Group, specialized in Voice-Data-Image (VDI) cabinets used by datacenters in the United States, which strengthens Legrand’s positions in the buoyant digital infrastructure market. AFCO Systems Group has annual sales of around $23 million and approximately 110 employees; and

- the signature of a joint venture agreement to purchase Borri\(^4\), an Italian three-phase UPS\(^5\) producer known for its customized solutions. Borri has annual sales of around €50 million and around 200 employees; it is based in Bibbiena in Italy.

Altogether, based on acquisitions announced and their likely date of consolidation, changes in scope of consolidation should boost Group sales by more than +3.5% in 2017 as a whole, and dilute adjusted operating margin by around -0.2 points for the same period.

\(^1\) Small- to mid-size acquisitions that complement Legrand’s activities.

\(^2\) Subject to standard conditions precedent.

\(^3\) Through partnerships with Lumenetix and Bios Lighting, two US lighting startups respectively specialized in color management and biological cycles.

\(^4\) As Legrand holds 49% of equity, Borri will be consolidated on the equity method.

\(^5\) Uninterruptible Power Supply.
Dividend

As announced on February 9, 2017 and in keeping with its balance sheet structure and solid achievements in 2016, Legrand will ask the General Meeting of Shareholders to be held on May 31, 2017 to approve the payment of a €1.19 per-share dividend in respect of 2016, representing a payout¹ of 56% (equivalent to the 2015 figure). The ex-dividend date will be on June 2, 2017 and the dividend will be paid on June 6, 2017.

Dividend distribution paid in respect of 2016 will be effected under the same conditions as that in respect of the two previous years. That is to say, based on the number of shares in circulation at April 30, 2017, by deduction from:

- Distributable¹ income in an amount of €0.79² per share on the one hand; and
- the "issue premium" account in an amount of €0.40² per share on the other.

Organic growth
Organic growth is defined as the change in sales at constant structure (scope of consolidation) and exchange rates.

Net financial debt
Net financial debt is defined as the sum of short-term borrowings and long-term borrowings, less cash and cash equivalents and marketable securities.

EBITDA

Cash flow from operations
Cash flow from operations is defined as net cash from operating activities excluding changes in working capital requirement.

Adjusted operating profit
Adjusted operating profit is defined as operating profit adjusted for amortization of revaluation of intangible assets at the time of acquisitions and for expense/income relating to acquisitions and, where applicable, for impairment of goodwill.

CSR
Corporate Social responsibility.

Payout

Combined Ordinary and Extraordinary General Meeting of Shareholders on May 31, 2017

Report

The Combined Ordinary and Extraordinary General Meeting of Shareholders was held on May 31, 2017, chaired by Chairman and Chief Executive Officer, Mr. Gilles Schnapp.

I. Value-creating business model attentive to all stakeholders, solid integrated performance and 2016 targets fully met. Compensation and governance

At the Combined Ordinary and Extraordinary General Meeting of Shareholders, Chairman and Chief Executive Officer, Gilles Schnapp, presented Legrand’s development model, based on organic growth, driven by innovation, and external growth, driven by acquisitions that enable the Group to strengthen its market positions, and with them its profitability and capacity to generate high free cash flow and thus create long-term value.

Gilles Schnapp also showed how this value creation has benefited all Group stakeholders, including (i) customers, through the development of innovative products with greater value in use, notably through the Elit program; (ii) suppliers selected under a philosophy of responsible purchasing and partnership; (iii) employees, whose development is promoted by the Group in France and abroad; and (iv) shareholders, who benefit from Legrand’s stockmarket performance, as well as lenders that accompany the Group’s development: states and civil society, where in particular the Legrand Foundation contributes.

Antoine Burel, Chief Financial Officer, presented the Group’s 2016 integrated performance, which fully met both financial and CSR1 targets for the year. More specifically, the year 2016 saw a rise in profitable growth for the Group, driven in part by an accelerated pace of acquisitions. Antoine Burel also presented results for the first quarter of 2017, which showed sustained growth in sales and a rise in both adjusted operating profit and net income excluding minority interests.

Philippe Declercq, Social Responsibility Director, commented on 2016 non-financial performance, and in particular that it had exceeded the targets set in the CSR roadmap. She also presented the Group’s CSR policy achievements, which were recognized by the CSR Award at Capitalcom’s 2016 Annual General Meeting Grand Prix.

Then Gilles Schnapp detailed the Group’s risk management mechanism, with a special presentation on risks linked to digitalization.

Lastly, Angeles Garcia Poveda, Lead Director and Chairwoman of the Compensation Committee and of the Nominating and Governance Committee, presented the components of compensation for Chairman and Chief Executive Officer and also information on Group governance.

Regarding compensation, Ms. Garcia Poveda first explained the principles underlying Legrand’s compensation policy, showing that profitable growth and long-term value creation are at its core. She then detailed the components of Gilles Schnapp’s compensation in respect of 2016 and the components of Chairman and Chief Executive Officer’s compensation in respect of 2017, which will be submitted to shareholders’ vote.

On governance, Ms. Garcia Poveda commented the composition of the Board of Directors and its evolution, underscoring the varied and complementary skills of its members. She also presented the formal process that she and the Nominating and Governance Committee use to evaluate the Board of Directors and its specialized committees and which helps them to improve their operations.

1 Corporate Social Responsibility
II. Key outcomes of the Combined Ordinary and Extraordinary General Meeting

All resolutions submitted to shareholders by the Board of Directors were approved by a large majority.

In particular, the shareholders at the General Meetings voted to renew the directorship of Ms. Annalisa Loustau Elia for a four-year term. Ms. Elia is also a member of the Compensation Committee.

As a result, out of a total of ten members, the Board of Directors is composed of:

- Seven independent directors, i.e., a ratio of 70%, which exceeds the minimum ratio of 50% recommended by the Afeq-Medef Code of Corporate Governance;
- Five women, i.e., a proportion of 50%, which exceeds the provisions of the French Commercial Code (40% as from 2017) and the recommendations of the Afeq-Medef Code of Corporate Governance (40% as from 2016);
- Four nationalities: Chinese, French, Italian and Spanish.

The composition of the Board of Directors thus reflects a variety of talents, nationalities and culture, in line with the diversity policy advocated by the Group.

Shareholders’ General Meeting also approved the distribution of a €1.19 per-share dividend in respect of 2016, to be paid under the same conditions as those applying the previous two years, i.e., based on the number of shares outstanding at April 30, 2017, taken from:

- Distributable income¹ in an amount of €0.79 per share on the one hand and
- The “issue premium” account in an amount of €0.40 per share on the other.

Shares will go ex-dividend on June 2, 2017 and dividends will be paid on June 6, 2017.

All presentations made at the Combined Ordinary and Extraordinary General Meeting, results of votes, and rebroadcasts of the entire General Meeting are available on the Legrand website: www.legrand.com, under investors-shareholders/ Shareholder’s corner/ 2017 General Meeting

¹ Based on adjusted net income excluding minority interests. Adjusted net income excluding minority interests does not take into account the favorable non-recurring accounting impact of a tax income generated by the mechanical revatualisation of deferred tax liabilities on trademarks that resulted from the announcement of reductions in the corporate income tax rate, mainly in France. This €1.2m tax income is adjusted as it has no cash impact, and bears no relationship to the Group’s performance.

² Indicative split released for informative purposes only and likely to be amended, depending on the change in number of shares entitling their holders to the distribution by the payment data.

Legrand strengthens its positions in digital infrastructure by purchasing¹ Server Technology, Inc.

Legrand is pursuing its development with bolt-on² acquisitions and today announced the purchase³ of Server Technology, Inc., a US frontrunner in intelligent PDUs⁴ for datacenters.

Legrand is already present in the datacenter market through companies specializing in VDI⁵ cabinets (Ortronics, Elecdorack and AFCO Systems Group in the United States, Aegide/Minkels in the Netherlands, SJ Manufacturing in Singapore and Valrack in India), in PDUs⁶ as well as KVM⁷ switches and their applications (Rantian in the United States) and in pre-terminated solutions (Lastar/Quiktron in the United States). The Group thus rounds out its product offering in the buoyant datacenter market by adding Server Technology, Inc.’s range of intelligent PDUs⁸.

More generally, Legrand is strengthening its presence in the growing market for digital infrastructure, one of the Group’s four buoyant new business segments⁹, driven by the rise in data flow volumes, linked in particular to growth in connected objects and rising demand for ever more energy-saving solutions.

Based in Reno, Nevada, Server Technology, Inc. has some 200 employees and annual revenues of over $110 million.

PRESS RELEASE

Limoges, June 28, 2017, 7:30 am CET (Paris time)

Legrand pursues the reinforcement of its positions in digital infrastructure by acquiring1 Milestone AV Technologies LLC in the United States

Legrand today announced that it has signed an agreement to purchase1 US company Milestone AV Technologies LLC ("Milestone"), a frontrunner in Audio Video (AV) infrastructure and power, a high-value segment of the digital infrastructure market.

Highlights:
Milestone – Strong leading positions in high-value segments
• Attractive business driven by megatrends (100% of Milestone sales are in new business segments2);
• Strong market positions, with over 75% of Milestone sales made with products #1 or #2 in their market;
• Well known, trusted and innovative brands with a best-in-class customer-centric approach;
• A knowledgeable and experienced management team;
• Highly complementary to Legrand's existing positions in AV in the US (Middle Atlantic Products brand);
• In 2016, sales of $464m, adjusted3 operating4 margin of 21% and free cash flow5 at 12.5% of sales.

A synergetic move with Legrand
• Mid-term sales synergies through leverage of customer coverage and development of AV infrastructure and power business in other distribution channels and geographies;
• Short and mid-term cost synergies in purchasing, production and administrative areas.

Financial rationale
• Legrand’s financial criteria all met based on an EV (Enterprise Value) of $950m, net of a discounted5 tax benefit6 of $250m:
  - 2016 EV/EBITDA4 of around 9.0x;
  - Mid to high single-digit accretion on EPS before PPA7;
  - Value creation within 3 to 5 years.
• Financed by new debt; post-deal robust balance sheet; net debt/EBITDA8 expected at less than 2.

Gilles Schnepp, Chairman and CEO of Legrand, commented: "The acquisition1 of Milestone allows Legrand to pursue its ongoing reinforcement in digital infrastructure, more specifically in the high-value AV infrastructure and power segment in the United States where Legrand is already #1 in AV enclosures with its Middle Atlantic Products brand. Milestone will bring Legrand leading positions in commercial and residential AV mounts, as well as in projector screens enabling the Group to provide AV customers with scalable, end-to-end offerings.

Milestone’s robust leading positions, well-known brands, businesses supported by strong social and technological megatrends, customer-centric approach, ongoing innovation, and active CSR8 policy are key assets which make this acquisition a highly valuable move that ‘ticks all the boxes’ of Legrand fundamentals.’"

Milestone – Strong leading positions in high-value segments

1 Subject to standard conditions precedent.
2 Digital infrastructure, energy efficiency, assisted living and home systems.
3 Adjusted Legrand definition, adjusted for amortization and depreciation of acquisition of assets at the time of acquisitions and for other P&L impacts relating to acquisitions and, where applicable, for impairment of goodwill.
4 Excluding non-cash operating gains.
5 Discounted at a rate of 7.5% over the period of goodwill amortization (15 years).
6 US tax benefits resulting from standard goodwill amortization starting in 2017. Gross price paid of $1,200m less a $400m cash tax benefit discounted to $250m.
7 Purchase Price Allocation
8 Including Milestone’s EBITDA on a full-year basis.

PRESS RELEASE

The global AV infrastructure and power market accounts for more than $5bn of Legrand’s total digital infrastructure market of over $15bn\(^1\).

Milestone, which is a frontrunner in the US AV infrastructure and power business, has built its success on disciplined acquisitions of leading well-known brands: Chief, #1 in commercial AV mounts; Sanus #1 in residential AV mounts; and Da-Lite, #1 in projector screens. Over 75% of Milestone sales are generated by products that rank #1 or #2 on their markets. Combined with Legrand’s #1 positions in AV enclosures in the US under the Middle Atlantic Products brand, Milestone will enable the Group to provide US customers with scalable, end-to-end offerings on a market driven by both social megatrends (communication, security, distance and collaborative working etc.) and technological megatrends (digitalization, new display technologies, streaming technologies etc.).

Ongoing R&D efforts (more than 100 professionals in engineering and product development, over 360 patents and more than 5,000 SKUs) focusing on AV integrators’ needs – safety, ease of installation, reliability – and a customer-centric approach (100 direct sales & technical support and 90 dedicated customer care personnel, digital best customer training, excellent delivery service) have helped develop strong customer loyalty and made Milestone’s brands the “preferred partner” for about 80% of the SCN\(^2\) top 50 AV integrators.

Milestone has also built lasting trust-based ties with strong distribution channels offering wide geographical coverage and access to a variety of end markets (corporate, hospitality, houses of worship, education, government and retail stores/restaurants). These have helped distribute Milestone products both efficiently and widely.

Moreover, Milestone has an active CSR\(^3\) policy based on three pillars: environmental responsibility through eco-friendly product development and three ISO-14001-certified operating facilities; socially responsible sourcing with robust CSR\(^4\) audit programs of its supplier base as well as safety and responsible practices by suppliers; and community involvement through special consideration for activities in which Milestone employees are involved.

Based in Eden Prairie, Minnesota, Milestone recorded 2016 revenues of $464m, 90% in North America. Over the same period, adjusted\(^5\) operating\(^6\) profit and free cash flow\(^7\) stood at respectively 21% and 12.5% of sales. Milestone has about 1,000 employees and has locations in the United States, Canada, China, Hong-Kong, Australia and the Netherlands.

**A synergetic move with Legrand**

Legrand’s acquisition\(^8\) of Milestone should generate mid-term sales synergies. Milestone’s strong relationship with 6,000 professional AV dealers should build up Legrand’s existing basis of about 3,500 dealer relationships tied to its Middle Atlantic Products brand. Likewise, Legrand’s strong relationship with electrical, IT and data communication distributors could allow Milestone to move in these distribution channels. With locations in North America, Europe and Asia, Milestone could offer Legrand opportunities to expand its AV infrastructure and power business into new geographical areas.

Resulting operations should also benefit from short to mid-term cost synergies stemming from (i) direct and indirect sourcing with scope for combining purchasing platforms, (ii) streamlining of production facilities particularly in Asia, and (iii) opportunities to optimize administrative areas.

**Financial rationale**

PRESS RELEASE

Legrand is acquiring Milestone for an Enterprise Value (EV) of $950m, net of a discounted US tax benefit of $250m, resulting from standard goodwill amortization starting in 2017. Legrand’s cash tax rate and free cash flow will benefit fully from this tax gain which will have no impact on Legrand’s IFRS P&L (either on income tax rate or net income).

Based on this EV of $950m, the Milestone acquisition meets all of Legrand’s financial criteria:
- 2016 EV/EBITDA\(^1\) of around 9.0x;
- mid to high single digit accretion on EPS before PPA\(^2\);
- value creation within three to five years.

Legrand should keep a robust balance sheet structure with an expected post-deal net debt/EBITDA\(^3\) ratio of less than 2. The financing of the Milestone acquisition, which ultimately will be made via new debt, is fully secured in the short term by a commitment letter for a bridge-to-bond loan and by Legrand’s existing credit facilities.

**Milestone ticks all the boxes of Legrand’s key fundamentals**

The acquisition of Milestone represents a strategic move for Legrand based on the two companies’ strong business complementarities. Driven by sustained social and technological megatrends, both Legrand and Milestone have built strong leading positions in their respective markets.

Legrand and Milestone products are known for their reliability, ease of installation, valuable design and functionalities, and although they represent a small share of installation costs, they are critical to the overall infrastructure in which they are installed. Both Legrand and Milestone thus focus on innovation. In particular, Milestone’s annual R&D to sales ratio is consistent with Legrand’s long-term average ambition of 4% to 5%. Along with technical excellence, best-in-class customer relationships based on training, technical support and short lead-time have built lasting customer loyalty to both companies’ brands.

Lastly, both Legrand and Milestone have overall strategies aiming at robust financial discipline but also take an integrated approach to their respective businesses through strong CSR\(^4\) commitments.

TAXATION

French Taxation

The following is an overview addressing certain withholding tax considerations in France relating to the holding of the Bonds. This overview is based on the tax laws and regulations of France, as currently in force and applied by the French tax authorities at the date of this Prospectus, all of which may be subject to change or to different interpretation, potentially with a retroactive effect. This overview is for general information and does not purport to address all French tax considerations that may be relevant to specific Bondholders in light of their particular situation. Persons considering the purchase of Bonds should consult their own tax advisers as to French tax considerations relating to the purchase, ownership and disposition of Bonds in light of their particular situation.

Withholding Tax

The following may be relevant to holders of Bonds who do not concurrently hold shares of the Issuer.

Payments of interest and other revenues made by the Issuer with respect to the Bonds will not be subject to the withholding tax set out under Article 125 A III of the French Code général des impôts unless such payments are made outside France in a non-cooperative State or territory (Etat ou territoire non coopératif) within the meaning of Article 238-0 A of the French Code général des impôts (a “Non-Cooperative State”). If such payments under the Bonds are made in a Non-Cooperative State, a 75 per cent. withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of any applicable double tax treaty) by virtue of Article 125 A III of the French Code général des impôts.

Furthermore, in application of Article 238 A of the French Code général des impôts, interest and other revenues on the Bonds are not deductible from the Issuer’s taxable income, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid on a bank account opened in a financial institution established in such a Non-Cooperative State (the “Deductibility Exclusion”). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 et seq. of the French Code général des impôts, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 bis 2 of the French Code général des impôts, at a rate of 30 per cent. or 75 per cent. (subject to certain exceptions and the more favourable provisions of an applicable double tax treaty).

Notwithstanding the foregoing, neither the 75 per cent. withholding tax set out under Article 125 A III of the French Code général des impôts nor, to the extent that the relevant interest and other revenues relate to genuine transactions and are not in an abnormal or exaggerated amount, the Deductibility Exclusion (and therefore the withholding tax set out under Article 119 bis, 2 of the French Code général des impôts that may be levied as a result of the Deductibility Exclusion) will apply in respect of the Bonds if the Issuer can prove that the main purpose and effect of the issue of the Bonds were not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the “Exception”). Pursuant to the Bulletin Officiel des Finances Publiques-Impôts BOI-INT-DG-20-50-20140211 n°550 and 990, BOI-RPPM-RCM-30-10-20-40-20140211 n°70 and 80 and BOI-IR-DOMIC-10-20-20-60-20150320, n°10, the Bonds will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of the Bonds if the Bonds are, inter alia, admitted, at the time of their issue, to the operations of a central depositary or of a securities payment and delivery systems operator within the meaning of Article L.561-2 of the French Code monétaire et financier, or of one or more similar foreign depositaries or operators provided that such depositary or operator is not located in a Non-Cooperative State.

Since the Bonds will be admitted, at the time of their issue, to the operations of Euroclear France, the Bonds will benefit from the Exception and will therefore be exempt from the withholding tax set out under Article 125 A III of the French Code général des impôts. In addition, they will be subject neither to the Deductibility Exclusion nor to the withholding tax set out under Article 119 bis 2 of the same Code solely on account of their being paid to a bank account opened in a financial institution located in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.
Payments made to individuals fiscally domiciled in France

Where the paying agent (établissement payeur) is established in France, pursuant to Article 125 A of the French Code général des impôts and subject to certain exceptions, interest and similar revenues received by individuals who are fiscally domiciled (domiciliés fiscalement) in France are subject to a 24 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding at a global rate of 15.5 per cent. on such interest and similar revenues paid to individuals who are fiscally domiciled (domiciliés fiscalement) in France.

All prospective Bondholders should seek independent advice as to their tax positions.
SUBSCRIPTION AND SALE

Subscription Agreement

BNP Paribas (the "Active Bookrunner") and Crédit Industriel et Commercial S.A., Crédit Agricole Corporate and Investment Bank, HSBC Bank plc, Natixis and Société Générale (the "Passive Bookrunners", together with the Active Bookrunner, the "Joint Lead Managers" or the "Managers") have, pursuant to a Subscription Agreement dated 4 July 2017 (the "Subscription Agreement"), jointly and severally agreed with the Issuer, subject to the satisfaction of certain conditions, to procure subscriptions and payment for, and failing which, to subscribe for the 2024 Bonds at an issue price equal to 99.593 per cent. of the principal amount of the 2024 Bonds, less any applicable commission and, for the 2032 Bonds, at an issue price equal to 99.780 per cent. of the principal amount of the 2032 Bonds, less any applicable commission. In addition, the Issuer will pay certain costs incurred by it and the Managers in connection with the issue of the Bonds.

The Managers are entitled to terminate the Subscription Agreement in certain limited circumstances prior to the issue of the Bonds. The Issuer has agreed to indemnify the Managers against certain liabilities in connection with the offer and sale of the Bonds.

General Selling Restrictions

Each Manager has agreed to observe all applicable laws and regulations in each jurisdiction in or from which it may acquire, offer, sell or deliver Bonds or have in its possession or distribute this Prospectus or any other offering material relating to the Bonds. No action has been, or will be, taken in any country or jurisdiction that would, to the best of each Manager's knowledge, permit a public offering of the Bonds, or the possession or distribution of this Prospectus or any other offering material relating to the Bonds, in any country or jurisdiction where action for that purpose is required. Accordingly, the Bonds may not be offered or sold, directly or indirectly, and neither this Prospectus nor any circular, prospectus, form of application, advertisement or other offering material relating to the Bonds may be distributed in or from, or published in, any country or jurisdiction except under circumstances that will result in compliance with any applicable laws and regulations and all offers and sales of Bonds by it will be made on the same terms.

France

Each of the Managers has represented and agreed that it has not offered or sold and will not offer or sell, directly or indirectly, any Bonds to the public in France and it has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, directly or indirectly, the Prospectus or any other offering material relating to the Bonds and such offers, sales and distributions have been and will be made in France only to (a) persons providing investment services relating to portfolio management for the account of third parties (personnes fournissant le service d'investissement de gestion de portefeuille pour compte de tiers), and/or (b) qualified investors (investisseurs qualifiés), other than individuals, acting for their own account, as defined in, and in accordance with, Articles L.411-1, L.411-2 and D.411-1 of the French Code monétaire et financier.

United Kingdom

Each Manager has represented and agreed that:

(i) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 (the “FSMA”)) received by it in connection with the issue or sale of the Bonds in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
(ii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Bonds in, from or otherwise involving the United Kingdom.

**United States**

The Bonds have not been and will not be registered under the Securities Act or the securities law of any U.S. state, and may not be offered or sold, directly or indirectly, in the United States of America or to, or for the account or benefit of, U.S. persons except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act or such state securities laws. The Bonds are being offered and sold only outside of the United States to non-U.S. persons in reliance upon an exemption from registration under the Securities Act pursuant to Regulation S.

Each Manager has represented and agreed that:

(i) it has not offered or sold, and will not offer or sell, the Bonds (a) as part of their distribution at any time or (b) otherwise until forty (40) calendar days after the later of the commencement of the offering and the issue date of the Bonds, within the United States or to, or for the account or benefit of, U.S. persons and,

(ii) it will have sent to each distributor or dealer to which it sells Bonds during such forty (40) calendar days’ period a confirmation or other notice setting forth the restrictions on offers and sales of the Bonds within the United States or to, or for the account or benefit of, U.S. persons.

Terms used in this paragraph and not otherwise defined in this Prospectus have the meanings given to them in Regulation S.

In addition, until forty (40) calendar days after the commencement of the offering of the Bonds, an offer or sale of Bonds within the United States by a dealer that is not participating in the offering may violate the registration requirements of the Securities Act.
